MONTREAL, SATURDAY, DECEMBER 17, 1921.

PRICE TWO CENTS

Is This Your Problem?

PERHAPS this Christmas you are wondering what to give some young couple who were married in June or September.

If that is your problem we suggest one of our handsome, reliable clocks.

A clock is a very necessary part of the household equipment—a gift that will be used and treasured for many years.

Enamel Clocks in mahogany, French gilt, crystal, marble or bronze cases, \$7.00 to \$25.00. Grandfather Clocks, \$225.00 to \$1,000. The treasured tracing clock in folding leather case, \$20.00 to \$60.00. For Christmas French Enamel "Dancer" Clocks in leather case, \$60.00 to \$150.00.

On Saturday, December 17, and during Christmas week, the Birks Store will be open until 10 p.m.

Diamond Merchants

A Merry Christmas

NEW PARTIES WILL APPEAR IN POLITICS

Socialists and Farmers Will be in Next Mock Parliament

PLANS FORMING.

Remarkable and Drastic Measures Will be Introduced in House.

Two new political parties will put in an appearance at the next session of the Mock Parliament according to information received in an interview with Premier Peterson yesterday afternoon. These parties will be the Socialists and the Farmers, the formation of which has been under way for a considerable time. The name of the leader of the Socialist party is known only in high political circles but is not ready for disclosure to the public. The man who will head the Farmers is still a matter of conjecture, even among the cognoscenti of Parliamentary doings. The forming of these new wings in the house should add considerable vigor to debate, and their appearance at the next sitting of the house will, no doubt, be awaited with much expectation by the electorate of McGill.

"As our plans are at present," said the Prime Minister, "the next session of Parliament will be during the last week in January, after the exams are over. The precise date is yet unsettled." In answer to a question, Premier Peterson positively declared that the recent Dominion elections would have no effect upon the stability of his party in the House, and they would continue to sit on the right of the speaker, he said. "Of course," he added with a twinkle in his eye, "one never knows what the Opposition may do."

The next session promises to be one of great activity, and many remarkable measures are being prepared to be introduced on the floor of the house at the first opportunity. One of the most important of these is the bill for the reform of the censorship of motion pictures, which will be advocated by Minister of Education Walter. Other drastic measures are expected to be introduced along the same lines.

Another method of taking the vote in the House is to be inaugurated at the next session. The vote will be taken by a show of hands, which will be counted by six scrutineers, three from each side of the House. This should prove much more satisfactory than the method used in the first sitting of Parliament.

The Leader of the Opposition, W. (Continued on Page 4.)

SHORT TALKS ABOUT ARTS AND SCIENCE

Excellent Progress Shown in Both Faculties.

CROWDED CONDITIONS

Increased Attendance and Greater Interest Being Taken in Commerce

Satisfaction in the progress of the work in the faculty of Arts so far this session was expressed by Action Dean Harkness in an interview with a "Daily" reporter. There has been an increase of about thirty over last year's registration. In spite of the inconvenience caused by the lack of suitable lecture room accommodation everything has been going on smoothly. It is expected that early in the Spring the Biological Building now under construction, will be available for the use of the Arts students. As soon as it is vacated, the Arts Building will be renovated and improved. It is hoped it will be ready for the opening of the next session.

The increase in registration is especially noticeable in the School of Commerce. This branch of the Arts Faculty is also characterized by plenty of life and spirit. It is highly probable that the Department will shortly be made a faculty.

In a short interview, Dean Adams of the Faculty of Applied Science stated that the faculty it is present handicapped by lack of sufficient space. However, plans are now under way for the construction of a building at the southwest corner of Milton and University streets. This will greatly relieve the congestion both in the laboratories and lecture rooms.

Dr. Adams declared that the work of the first and second year men of this year has so far been better than the average. There has also been an increased registration this year.

On behalf of himself and the other members of the faculty of Applied Science, Dr. Adams wishes all the students a Merry Christmas.

A case came up in court in which a big colored woman was a witness. She testified that she had whipped her little boy very severely and as she went on with the story of the exceedingly stiff beating she had administered, the judge's brow grew dark, and he interrupted her to ask if it had been necessary to chastise the boy so severely. The colored lady looked astonished at the question. Gazing intently at the court, she inquired: "Judge, was you eber de father of a wuthless mulatter boy?" "No, no," said the judge, hastily. "Then judge, you don't know nuffin' about the case."

OUTSIDE ATHLETICS.

Any man desiring to compete in outside athletics during the Christmas vacation may secure permission from D. B. Foss, Acting President of the Athletic Association.

LARGE CROWD AT INFORMAL LAST NIGHT

Last Dance Before Xmas Vacation.

MUSIC SPLENDID.

Dancers Were in Harmony With Joyful Holiday Spirit.

The weather man was a little kinder last night than on previous occasions, and a cold clear evening greeted the dancers, although snow was falling quite heavily by eleven o'clock. The dance as the last McGill social event of the year 1921, and the floors of the Union hall room will remain untrod by followers of Terpsichore until after the Christmas vacations. The celebrated McGill Dance Orchestra, which is second to none in the city, played excellently. The floor was in perfect condition, and the cosy sitting out places were, as usual, well patronized. The arrangements for supper were well carried out, and the refreshments were of a tempting nature. The ladies looked charming in multicolored gowns from white satin to jet black georgette.

Among those present were:

The Misses F. Banliff, M. Leggatt, R. Cooke, G. Klenhans, E. Wright, G. MacKinnon, K. O'Connor, J. Aylin, G. McDowall, Argue, G. Cowper, M. Smith, D. Donald, D. Wilson, G. Miller, McMillan, K. James, K. Canning, Atkinson, R. Young, R. Goodwin, M. McBride, M. Shuhan, D. Cowper, R. Ayre, L. Gilday, M. Bulmer, E. L. Herzberg, F. Brown, Fanning, G. Morris, C. Poor, D. McCall, G. Savage, D. Rooke, S. Berry, J. Marshall, Martin, Binning, Sharpe, D. Cross, Dennis, A. Marshall, D. Stark, Smyth, E. McLennan, M. Boon, B. Davidson, M. Willock, W. Brown, D. Smith, Martin, V. Clarke, E. Baile, M. Baile, F. Spainley, E. Adams, C. Mitchell, Gumlick, B. Frey, C. Bashen, E. Safford, D. Hamilton, D. Kent, Prescott, R. Marsh, G. Pickard, F. Seybold, R. Patton, I. Coburn, I. Larkin, M. Benvie, M. Taylor, L. I. Millen, A. McPherson, M. Clarkson, F. Gauthier, Kier, Y. Thomson, D. Teed, A. Younger, E. Mills, M. Taylor, D. W. Chatfield, W. Blampin, E. Brown, R. Prendergast, M. Buzzell, I. Tail, E. Allan, B. Poor, R. Copland, Henderson, Davidson, E. Campbell, A. McBride, H. Kelly, M. Hay, Redmond, Mitchell, L. Kerr, Crummins, J. Donaldson, G. Racey, T. Somerset, J. Marshall, Brown, G. Walker, J. Hunter, M. Granger, C. Cooke, M. (Continued on Page 2.)

THEATRICAL EVENT BY PLAYERS CLUB

"The Little Princess" on Monday at R.V.C.

On Monday afternoon and evening, outsiders as well as students, will have the privilege of seeing the play "The Little Princess," as staged by the Players' Club of McGill. In order to make this venture a complete success, the cast has been holding practices every night during the past two weeks. As a result of the strenuous efforts of the members of the Club, all arrangements are completed and the abundance of talent among the members should warrant some high class acting. The play will be staged at the Convocation Hall in the R.V.C.

There will be two performances, one at 2.30 in the afternoon for children, and one at 8.15 p.m. for adults. Members of the Players' Club will be admitted free of charge; for all students the admission will be 50c; and for outsiders 75c.

Johnnie—"I wish I could be Tommy Jones."

Mother—"Why? you are stronger than he is, you have a better home, more toys, and more pocket money."

Johnnie—"Yes, I know but; he can wiggle his ears."

Air-Peds
Give You Non-Skid Feet

YOU'LL NEVER SLIP on a wet pavement or slippery floor if you are shod with Air-Peds. These handy little live-rubber pads with air spaces, applied to the boots at heel, ball and toe, give your feet the grip that cannot slip. Air-Peds also make walking easier. They make hard, hot pavements feel like a well-clipped lawn. Better than rubbers because they do not draw the feet. And then, think of the saving in expensive shoe leather! Air-Peds more than treble the life of your shoes.

APPRECIATION OF MCGILL'S ACTION

Univ. of Montreal Pleased at McGill's Hockey Attitude.

The following letter has been received by the Student's Council, and is indicative of the increased good feeling which is growing up between McGill and l'Université de Montréal. The letter is self-explanatory and needs no further words of introduction.

Montreal, Dec. 14th 1921.

Students' Council,
McGill University,
McGill Union
City.

Gentlemen:—

We wish to express our sincere thanks to the different organizations of the sister University, for the help and encouragement given us in our application for membership in the Canadian Intercollegiate Athletic Union. We were very disappointed at the position taken by the Toronto 'Varsity but we hope that next year they will change their mind and admit us.

We sincerely hope that the "bonne entente" between great old McGill and l'Université de Montréal shall last for ever and ever.

We remain sincerely yours,
Association Athlétique, Université de Montréal,
By: Eugene Saint-Pierre, President.

THINK !!

Never in the History of our Business Career have we been so favored by the Students of McGill.

We appreciate your patronage and solicit a continuance of same.

Our aim is to please and satisfy.

MONTREAL, SATURDAY, DECEMBER 17, 1921.

A RETROSPECT.

With this issue, the "Daily" ceases publication until the classes reassemble after the Christmas holidays. The two weeks' vacation will be a welcome respite after a fall session crowded with important events. To many it will mean a happy reunion, and the greeting of parents, relatives and friends once more. A few of the students already lured by these joyous prospects, to say nothing of the roast turkey, plum pudding and mince pie, have departed for their homes, and the first few days of next week will witness a steady exodus. Those who remain in Montreal over the Yuletide will be provided with Christmas cheer, so that each and every McGill student should have a happy time.

The year 1921 has indeed been a memorable one for old McGill, marking the completion of her first hundred years of existence. The centennial was one of the greatest occasions in the history of the university, and thousands flocked to McGill to do honour to the Alma Mater. Strengthened by a new Visitor, Chancellor and Governors, notable additions to the professoriate, increased registration of students, new buildings under construction, or to be built in the immediate future, and old ones to be remodelled, the prospects of McGill for 1921, and for the future in general are very bright. Her sons are playing increasingly important parts in Montreal, in Canada, and throughout the world.

While all the championships in the field of sport have not fallen to us, the interest shown in all forms of athletics has increased tremendously. This is most marked in the Inter-Faculty games, in which fifty per cent. of the male students, and a goodly number of the co-eds are now taking part. A further impetus to athletics will result from the construction of a modern gymnasium. McGill is better known to our sister universities across the border. The international football game brought about a feeling of fellowship between the two colleges, and was favourably commented upon by many on both sides of the line. It is, we hope, the first of a series of international intercollegiate meets.

The Washington conference and the Irish settlement stand pre-eminent among the epoch-making events of the year, throughout the world. In the reduction of armaments, with the four power pact to preserve peace in the Pacific, we see what is fervently hoped to be the foundation of lasting peace. Taxation, at least, will be decreased, and good times are predicted for next spring. The end of the ancient grievance between Ireland and England is in sight, and a lasting reconciliation will not only be of infinite benefit to the Empire, but will strengthen the increasing bonds of friendship between the two great English-speaking peoples. The prospects for the fulfillment of the promise, "Peace on earth, goodwill toward men," seem to be near. Canada closes the old year with a new government in which great hopes are rested.

While the Christmas days are a time for happiness and pleasure, we must not get out of touch with our work. The January examinations sometimes prove disastrous to the first year student. Nineteen twenty-one is fast drawing to a close. What is gone cannot be recalled, but the New Year is our own.

INDOOR BASEBALL A POPULAR SPORT

Great Interest Shown in Inter-Class League.

In spite of the fact that each team entered in the Class Indoor Baseball League had only one scheduled game in every two weeks owing to the record number of entries, interest in this popular branch of athletics was kept at a high point throughout the first round.

This round has now been completed, and eleven teams have won a place in the second round. This will start on January 5, when Med. '26 and Dent. '24 will stage the opening game. There will be five altogether, while Law '23 were fortunate to draw a bye.

Besides, however, the interest that will be shown in this schedule, the Baseball Club will have special practices for those men desirous of turning out for a place on one of the two McGill teams entered in the City and District Indoor Baseball League, so that although baseball is classified as a minor sport, it will be a minor sport in classification only.

The City League is scheduled to commence on January 23rd, when the two McGill teams come together on that date. Unfortunately both teams cannot win, but they can capture first and second place in the league as they did last year.

So that with the second round of the class schedule to be completed, and the two teams to be chosen for the City League, the Indoor Baseball Club expect a heavy season. However, if the interest and enthusiasm shown in the past by the different classes is kept up to the same high level, the club will be amply repaid for their trouble, and will be much surprised if the silverware that was won last year has to be parted with.

INVITATIONS TO R.V.C. STUDENTS

A letter has recently been received by the Warden of the Royal Victoria College from the Washington branch of the American Association of University Women. This letter extended a very cordial welcome to all undergraduates of the College who may spend their Christmas holidays in or near Washington, inviting them to use the Club as freely as they wished.

Though it is not likely that very many, if any, of the R.V.C. Undergraduates will be in that vicinity over the holidays, yet it is interesting to know that the attitude of University women "across the line" is so friendly and cordial. Such an attitude goes far to stimulate that stronger and warmer intercollegiate relationship. The courtesy and friendship of this action will be greatly appreciated by the women students of McGill though not many may be able to take advantage of the kind invitation this year.

PRIZE FOR HELPFUL INFLUENCE.

Fifty dollars is to be awarded as a prize to the freshman, sophomore, or junior at Ohio Wesleyan University, who, in the judgment of the faculty committee on awards and prizes, has been the most helpful influence among his college associates.

Scholastic record, ability in outdoor or indoor sports, ideals, courage, and courtesy are to be considered in choosing the winner.

The prize, which is being given for the first time this year, will hereafter be conferred annually, during commencement week.

As the old darkey said, "A chicken am de mos' usefulest annamule dere be, Yo can eat him befoah he am bohn and

MED. FACULTY NEW COURSE PROGRESSING

Aims of the Faculty Outlined.

PRE-MED. WORK.

Senior Matriculation or First Year Arts, New Entrance Regulation

An item of interest to those taking Medicine at McGill or contemplating such a move may be the fact that in the session 1922-23 the requirements for entering the course in Medicine will be a Senior Matriculation or one year in Arts.

The present system of limiting the number of students entering the first year to one hundred will be continued next year. This year's class is composed of 100 new students and 17 others who are taking partial courses.

A student entering Medicine will be required to take a full six year course and as previously stated must have a Senior Matriculation or one year in arts before he can gain admittance. This will make the course beginning in 1922-23 a seven year course in all. This plan will be carried out until matters can be so arranged that the Arts faculty will be able to undertake the teaching of a pre-medical course of 2 years.

The present aim of the Medical Board is to have a two year pre-medical course followed by a five year course in Medicine. Owing to the inability at present of the Arts faculty to undertake the teaching of the pre-medical course the course outlined previously will continue until such time as matters can be arranged. It is hoped that this will take place in 1923 or possibly in the fall of 1922. The Arts building is to undergo renovation beginning in April and thus any arrangements are to be made so that a greater number of students may be accommodated.

Biology, Chemistry, Physics and other subjects in arts will be taught in the two years pre-medical work. This will leave the teaching of subjects pertaining to Medicine only to the faculty of Medicine. Opportunity to remain in or near the vicinity of his home will thus be afforded to the student for the first two years as any recognized university will be accepted as a clear standing by McGill.

COURSE FOR CHILDREN IS POPULAR ONE

Four Lectures on Natural Phenomena

DURING HOLIDAYS

Professor Matthews to Show Views of Trip With Jell'cos.

Following the plan adopted last year the lectures and experimental demonstrations will be delivered to children in the Macdonald Physics Building during Christmas holidays. The course will take place in the afternoons on the last three days of December and the last lecture will be delivered on Monday, January 2nd.

The afternoon lectures which take place at four o'clock are for children only. In the evenings the same lectures will be given and adults may attend with children. The lecturers will be Dr. F. Slater Jackson, Prof. T. H. Matthews, Prof. A. S. Eve and Prof. N. N. Evans.

The idea of the lectures is to give the children an opportunity of grasping the elementary facts concerning everyday occurrences of nature and in the physical world. The addresses are given in a language that can be easily understood by the audience for which they are intended.

The first lecture which is termed "Water: What it is, and what it does," will be given by Prof. N. N. Evans. It will deal with matters that are known to almost every man who has an ordinary education but which cannot be grasped by the minds of the children except from a simple explanation. Experiments will be made to show the effects of the use of water and water power and some explosions will also be attempted for the benefit of the audience.

"Wonders of Nature," by Dr. F. Slater Jackson is intended to describe the object and composition of the small living objects that are well known to every child. The lecture will be delivered in company with views from a projecting microscope. Depicted on the screen will be small objects and living creatures largely magnified. Crystals, cheese mites, water fleas, blood corpuscles, butterfly scales and many of the other things that are the delight and wonder of children will be shown and their movements explained.

Professor T. H. Matthews will have as the subject of his lecture, "How a Ship Finds Her Way At Sea." All of the intricacies of the machinery that are used by the ship's commander to guide him over the sea will be explained. The magnetic and gyroscopic compass will be shown on the screen and the reasons why they are useful explained to the children. The taking of sights and the use of sounding machines will be demonstrated. Chronometers and wireless time signals and directional signals will be explained as far as it is considered the facts can be grasped.

An interesting part of this lecture should be description of how a ship is actually steered. To the boys especially, who are always attentive to a sea story the lecture is intended to appeal. Professor Matthews made a trip around the world with Admiral Lord Jellicoe in His Majesty's Ship "New Zealand," and will explain and show interesting views of the cruise.

A lecture that will be appreciated by both grown-ups and children will come as the concluding address of the series. Professor A. S. Eve will talk on Wireless Telephony. The development of this branch of the wireless has only come within the last few years and is understood very little by the majority of people. The lecturer, who has a vast knowledge of his subject, will explain carefully and simply the reasons why it

PEPPYS AT MCGILL

Friday, Dec. 16th. Very sad at heart to see all my fellows about the campus with their portmanteaux, as the frenchmen call them, and they bound or hastening away as speedily as they well as they will may too other parts and in truth I cannot well see how they will be any of those who dwell elsewhere at the discourses this coming week. The packet-boat bearing the mail from my revered uncle, Obidiah Pepps in the good county of Norfolk must have foundered on the high seas; for naught have I received in monies this long month past, so that Madame Champignon, my landlady has become most offensive in her treatment of me, reminding me everytime I came in at the door of her lodging-house of the sum that I shall be forced to pass this season of usual mirth and jollity in veritable penury; also I have remaining to me but two flagons of ale between the casement of my chamber, and Lord knows where I may get more, for my good friend Mr. Mark will leave shortly for his father's mansion, and I have not a penny to my name. So at the last week's end to bed with a great load of heaviness on the heart of Samuel Pepps, Student-at-Arts of these colleges, by reason his sudden poverty, and the going off of his fellows for Christmastide.

is possible and the manner in which the conversations are carried on through the air.

In connection with this lecture a wireless telephone will be installed for the occasion and the listeners will have an opportunity of hearing gramophone music by wireless from the Marconi Company's station.

The room in which the lectures are to be given will accommodate two hundred people only and just that number of tickets have been issued for the occasion. WHITE tickets have been issued for the afternoon lectures, while the admission tickets for the evening are RED. The tickets are only sold in the series for the full course, \$1.00 being the charge for the four addresses. The tickets are transferable between children, provided the correct ticket is presented for the corresponding lecture.

The lectures:—

1. "WATER: WHAT IT IS, AND WHAT IT DOES"

By Professor N. N. Evans, M.A. Sc. Macdonald Chemistry Building. Tuesday December 27, at 4 p.m.

2. "WONDERS OF NATURE."

By Doctor F. Slater Jackson Macdonald Physics Building, Thursday, December 29th, at 4 p.m.

3. "HOW A SHIP FINDS HER WAY AT SEA."

By Professor T. H. Matthews, M.A., Macdonald Physics Building, Friday, December 30th, at 4 p.m.

4. "WIRELESS TELEPHONE."

By Prof. A. S. Eve, C.B.E., D. Sc. F. R.S. Macdonald Physics Building, Monday, January 2nd at 4 p.m.

The course of lectures for children is proving so popular this year that the tickets for the afternoon addresses have been all disposed of and there is no room for the accommodation of any more in the lecture room in which they will be delivered. The evening lectures are also going to be delivered to large audiences judging from the demand for tickets and it is expected that these too will all be sold in the near future.

HOCKEY TEAM PICKED FOR BOSTON TRIP

Meet M.I.T., Boston College, and Westminster.

TEN MEN CHOSEN.

McGill Meets Laval on 25th—Game With Dartmouth Proposed

The Senior Hockey squad will leave on Wednesday night for Boston where they will engage in matches on three successive nights with Massachusetts Institute of Technology, Boston College and either the Westminster Club or Pere Marquette. These American teams will be worthy opponents for the Red and White.

On Thursday, the twenty-ninth, the McGill puck chasers came up against the strong M.I.T. sextette. "Tech" boasts this season of the fastest team in a good many years. It is coached by Ed. Powers, a Canadian, who is reputed to be the highest paid coach in the country. Powers was in charge of St. Michaels when that team won the championship of the Ontario Hockey Association and his ability to handle hockey men is well known on both sides of the border. The M.I.T. team has been working out with the Harvard squad at the Boston Arena and in several scrimmages held the Crimson skaters scores.

Boston College has during the last few years gained great distinction in intercollegiate athletics. Their most glorious achievement was defeating Yale on the football gridiron in 1919 and 1920. B. C. has always placed a well balanced team on the ice and this year should be no exception. On Saturday McGill will meet either Westminster or Pere Marquette. Both clubs are represented by first rate teams. Pere Marquette although defeated on Thursday by the Sudbury wolves put up a stubborn resistance. The team had been practicing together only a short while and their showing was quite creditable. The management was very desirous of arranging a game with Harvard University on this trip, but the Crimson authorities have decided to disband the team during the holidays. They will meet the Toronto Varsity six in Boston during the early part of January.

The McGill squad has not been out on the ice very long and consequently the men are as yet, nowhere near mid-season form. Shag however intends to put the men through some stiff workouts between now and Wednesday night and the team should be in fairly good condition to meet its American opponents.

Besides Coach Shaughnessy and managers Fox and Fraser, ten men will make the trip to Boston. Shag will rely, in goal on Captain Stenson and "Bill" Brewer. Stenson rose to the Senior squad during the early part of last year and improved so rapidly in the first few games that he was soon rated as one of the best goal tenders in the league. Brewer of boxing fame, played the same position for the intermediates. The defence men will be "Matty" Dineen, who has displayed a sterling brand of hockey during the last two seasons. "Matty" was originally a forward but was pulled back to bolster up the defence and he has shown great form in adapting himself to the new position, with him are Davis and Goddard. The latter has seen some action in Senior Company.

On the forward line there is "Flin" Flanagan the most dangerous man on the team, Flin's sensational playing has attracted the attention of several professional managers and he has received a number of offers to enter the "Big League"; Behan, another veteran, "Gordy" Ross, Lynch and probably "Pinky" Morrison. Morrison was the mainstay of the U.B.C. team for several years and is considered by many the fastest amateur in Canada. He has not been out yet but it is hoped that he will don the skates in a day or two.

Several important games are slated for Montreal, when the team returns from Boston. The intercollegiate schedule opens on January fourth when Queens invades this City. This game will not be an early season set up as it has been in previous years. The tricolor institution will play a team on the ice, this season, which they expect will meet with as much success as did their football team. They have a number of men who have already won fame in Ontario hockey. A week later, on the eleventh the team meets the University A. A. composed mainly of McGill graduates, and on the twenty-fifth the Red and White meets the University of Montreal, after a lapse of a number of years. This game will no doubt attract the largest crowd that ever witnessed a college match in this city. The Frenchmen are enthusiastic over the resumption of Athletic relations between the two great institutions and are looking forward with interest to the game.

Negotiations for a game are now being carried on with Dartmouth College but as yet no date has been agreed upon. It seems very likely though, that a team representing the Green will be seen this winter at the Mt. Royal Arena.

Junior Schedule Announced:
January 7—Westmount.
January 14—Victoria.
January 21—St. Gabriel.
January 28—Wellington.
February 11—Loyola.
February 18—Nationals.
March 4—Semi-finals.
March 11—Finals.

SIC TEMPER TO EDITORS.

The editor's a cheerful cuss, he's not supposed to make a fuss, but always wear a smile; no matter what is out of fix; he is the one who gets the kicks, he's picked all the while. Hot water is his element, he never has a bloom' cent unless he wins at craps; subscribers pay him only when they've paid-up all the other men, leastwise the hard-boiled chaps. Yet if he ever sticks the rag, they say he's on an awful jag, he's thirty seconds late; they rail and fume and cuss and blare and blow and fuss and kick and swear they'll scalp his ugly pate. While he with all his might and main is somewhere holding up a train to earn his daily bread, the critics vow he's getting rich from ads and subs and rhymes and sich, he's only too well fed. Flint-hearted boob, they little rock that he can't figure how the heck he's going to make ends meet and square himself with Butler S. and answer "here" at daily mess, and keep his chameleon whose job it is to rack his bean pe' seat. Somehow they never stop to think that he's a human sort o'gink, and likes a little praise; the editor's a mere for squibs and roundels. And so he toils from morn till dark on stuff anent the "wooded park," turned in by hopeful bards; the galley proofs are 'round him strewn (oh, how he wishes it were June) for yards and yards and yards. The cub reporters fail to cub, and ther's the blawsted, bloom'ing rub that breaks the camel's back; so if there's nothing in the sheet that thrills you to your stockinged feet, go sit upon a tack!

Liggett's All-Cream Ice-Cream

Ice Cream, when properly made is one of our most nourishing and wholesome foods. Liggett's Ice Cream is all of that and is made under the strictest sanitary precautions from pure cream, best granulated sugar and pure fruits, in our modern day-light Factory. Liggett's Ice Cream is obtainable at our Soda Fountains and Tea Rooms, also in pint bricks to take home and give the family a treat.

FINAL MEET OF ATHLETIC ASSOCIATION

Junior Rugby Team Awards Made.

CHAMPION TEAM.

Participation in "Outside" Athletics During Holidays Must be Sanctioned

The final meeting of the Athletic Association, before the Christmas holidays, was held in the Union yesterday at 5 p.m.

The following awards were granted to members of the Junior Football team, champions of the P. Q. R. F. U.

GRADE A NUMERALS.

H. Hutcheson, M. C. McConnell, E. Snyder, W. Mitchell, M. Abinovich, S. McGillis, F. C. Cope, S. J. Adams, C. B. Davies, H. S. Matthews, C. B. Rorke, M. Donegan, D. Anderson, L. Marier.

These men will also receive championship shields from the Q.R.F.U. Permission was granted to W. C. Smeaton, Sr., '24, to box an exhibition bout at the Can. Machine Gun Brigade Armories, Verdun, on Saturday, Dec. 17, 1921.

D. McLean, Arts '23, was granted permission to play in exhibition hockey games during the Christmas holidays.

An exhibition game of basketball, between the McGill Juniors and the Montreal High School Seniors, was sanctioned.

Permission to play indoor baseball with the 1st Motor Machine Gun Brigade team, in the Military League, was granted J. G. Robertson, Sc. '22.

A. R. Glass' application for permission to play hockey with M. A. A. was sanctioned.

The Athletic Association also sanctioned the Senior Hockey team's trip to Boston, during the Christmas holidays.

The A. A. executive passed a recommendation to the University authorities, that attendance at lectures be granted members of all athletic teams playing out of town, in any game officially approved of by the Students' Council and the Athletic Association. At present special permission must be obtained for any games other than regular Canadian Intercollegiate fixtures, thus causing much inconvenience to all concerned. In cases when such permission is refused men may find it impossible to play the games arranged and thus weaken the team participating in these competitions.

A final warning is given that all students wishing to participate in any form of athletic competition during the Christmas holidays, must obtain permission from the Athletic Association before doing so. Permission may be obtained by applying to D. B. Foss, vice-president, 26 McTavish St. Up. 8633.

THE AVERAGE AGE.

It is decidedly surprising to note from the statistics on new men students here that the average age of the freshman is 19.1 years. It is more surprising to know that one percent of the class is over 30 and two individuals are over 40.

It was discovered that the most common age—the "mean"—was 18. This would seem natural. One ordinarily thinks of a freshman in college as a youth of 18, usually green, sometimes enthusiastic, and frequently childish. As the freshman of this type grows older, he becomes molded. Mature judgment, assumption of responsibility, and a settling-to-the earth process go on.

But the fact that one percent is over 30 gives rise to thought. It proves that the modern college is a place for all men. There is no age at which college training cannot prove beneficial. Older men are usually able to get more out of work at college than younger men, chiefly because they are older.

When a man enters as a freshman at 40, his case deserves investigation. There is a picturesque story somewhere hidden behind the mask. The fathers of some of our freshmen are not far beyond that age.

Age in years means nothing to the modern generation. It is the individual's capacity to think, act, assume responsibility, and give the world a push, that he is judged by.—The Minnesota Daily

B. W. & F. CLUB TO SUSPEND OPERATIONS

Training to be Resumed After Christmas

TRIPS PLANNED

More International College Meets in Near Future

The activities of the B. W. and F. stopped last night until after the holidays. As soon as the men come back from Christmas, however, they will have to start getting into shape for the coming meets with other universities. The college eliminations will probably take place within a week of the finish of the Christmas exams. If anything like the number enter into these eliminations that entered into the interfaculty competitions, the preliminary bouts will have to be started about two weeks after college opens.

So far this season the boxers, wrestlers and fencers have shown up exceedingly well.

There has been a wealth of material out at all the practices, and these men have all worked hard, and taken a great interest in the club, as is evidenced by the success of the night before last's performances in the Union, which nearly five hundred students attended.

The club just lost the championship to the University of Toronto by the narrowest of margins and are out to retrieve last year's defeat. If hard work and energy count for anything they are well started on the road to victory.

There is still a dearth among the heavy-weight boxers and any men who can box, and have lots of weight, are wanted out. Smith of Macdonald College in well in his weight provided he gets some more coaching. There is no need to worry about not being able to pick a good team in the other weights.

With the exception of two men the wrestlers have retained last year's team intact. Bryant the last year's 10 lb. champion has left college but Pfeiffer is well able to take his place. Montgomery, last year's clever welterweight is not able to wrestle because of injuries, but Cohen is making rapid strides in the game, and by the time the assault-at-arms comes off, there will be no need to worry about finding a man in this division.

In all probability the wrestlers and boxers will cross the line, once, and perhaps twice, to compete with some of the American University. It is very likely that the wrestlers will jaunt down to Cornell to prove their strength against the well known Ithaca "mat crawlers." This will probably take place about the tenth of February and will be the first time that they have been on the mat with the Americans since the time they fought the University of Pennsylvania's Champion Intercollegiate Wrestling Team to a tie. If it is possible they will also enter into contest with one of the other border college.

Prospects are also good for sending a boxing team to fight down at Boston, and led by Bill Brewer they stand a fine chance with almost any boxing team in the States.

The object of these trips is to give the men more experience, and to get them used to fighting different men, and before strange crowds. These trips should be of great benefit to the fighters, and will certainly make them keener to make the team. This creates competition, and the more the better.

The assault-at-arms will take place at Toronto this year, probably during the latter part of February. Queens are already counting their chickens and will surely send down men that will be a good deal better than mediocre in ability. The Varsity men from the Temperance City will be at home, which always counts a good deal, and can be counted upon to have a strong team in all the three branches. McGill will send down one of the strongest teams in years. It is to be hoped that they will be able to bring back the cup, and have as great success during the coming season as they have had in the last two months.

CONSTITUTIONS RECEIVED.

The constitutions of the students societies of the universities of Manitoba and Alberta have been received at the Secretary's office in the Union with a request that the constitution of McGill's society should be sent to them. There are many interesting points in the two constitutions which have been received and they are of interest to any of the clubs about the college which are considering revising their rules.

ROUGH HOUSE—

Considerable commotion was caused in the Union yesterday afternoon when a group of Arts Seniors, forgetting their dignity, undertook to have a rough and tumble fight in the main hall of the building.

Only the calm and collected position assumed by a graduate of the faculty caused them to desist from their antics. According to a report the Graduate was very calm but not altogether collected at the end of the fray.

FINE SMOKER IS PROMISED ONTARIO MEN

At the Union on Monday

SECOND EVENT

Every Kind of Entertainment to be Provided

Mr. Ware has definitely promised to attend the smoker of the Ontario Club on Monday and will amuse his audience for twenty minutes with his inimitable card manipulations. Those who saw his performance last year at the Union smoker will remember how "Doc" Ware kept his listeners in roars of laughter and these men are not missing seeing him on Monday night. The balance of the programme has been chosen with a great deal of care and promises to be one which will be used at a model by other clubs.

Menzies, musical director of the Ontario Club Orchestra, is having his melodious musicians on hand to supply the necessary music which is essential to the success of any gathering. All men who possess song books are expected to bring them as there are sure to be songs concerning that girl from Armentieres, and other well known ditties.

Crawford, the President of the Glee Club has consented to sing a solo while his brother Douglas is down on the programme for a violin solo. These men deserve a great deal of credit for the way they have helped the Ontario Club and it was, to a great deal due to their co-operation that the last smoker was such a success. Besides this the Glee Club is furnishing a double quartette which promises to be a treat for lovers of music.

Professor H. Tate of the School of Commerce will give a twenty minute talk on modern Ireland. He has recently come this country and will be able to give many side-lights on this subject which are never brought into the public press. This is practically his first appearance at a sectional club and his remarks will be listened to with great interest.

Representatives from the other sectional organizations will be present and plans will very likely be made for winter entertainments together with other clubs. As the Western and Eastern Townships club are giving a joint dance it is probable that the Ontario Club will make similar arrangements.

Last, but by no means least, is the boxing that will be provided. Mireky, the 108 lb. inter-faculty champion, and Coty will furnish three rounds of clever boxing. Both these men are fast and a lightning bout is expected. Goldapple and R. Shackell will mix it for the second bout. The former was defeated in the finals of the 118 lb. class, while the

SEASONAL SCRIPT

Weel human beens an stoodents and co-etts hear's jest a few remarkings from the Campus. The "Delay" has printed a pile of letters from all over our little globe—some has bin dry, while others has bin jest as dry. Among the former a certain chap disagrees with the Theologs about feeding there faces in pub. (wich is short for public) while so many of the other stoodents has to exiss on welsh rabbits, club sangwishes and etc., and has to cat sech things as ice-cream bricks to get a square meal.

He claims that this state of affairs is not fair to the others wot has sech a cheep bill of fare. He suggests that if they's to be the clergy they must lern to starve while at McGill. While do we come to college anyways? if it is not to starve. Can you answer that? Shure you can. To lern to dodge creditors.

Well, the first thing that happens is this—another guy points out his bum grammur. "... faces walking along the street..." The second note omits the fact that an army moves on its stommick. The pt. of faces walking is not a slip in gram, but one is sentense destruction. (Take this down)—both parties slugs each other. R.V.C. refuses to take the blame for Rime of Ancient Marine, which was the redeemer of the Pink Un. Its a handy thing to half a piece of poem like the Rime to stick in our dead issues wen times is bad. I would suggest that wen R.V.C. has the Pink Un again that it should half a blue paper to follow and pick up the correspondence. The Blue Un could be handed by the R.V.C. seniors and intermediates of the third class and published without adverts. The stunt of publishing a R.V.C. issue without adverts is a good plan

latter has developed wonderfully since coming to college and should give the lighter man a hard battle. There will probably be a round of blindfold boxing which never fails to amuse.

Refreshments, cigarettes and tobacco will be provided in liberal quantities.

The annual fee will again be gently asked for, and all members who have not already paid their subscription will find it very handy if they have two little dollars in their wallets. As they will be asked all over their province concerning the club and its activities. The whole club is turning out in force so as to tell the villagers at home of the doings and c-entertainments of this new body.

to enable some man or woman to do note the odd million green-backs to pay for its publication. Here's an example. If the space I use in scribbling could be stuffed with a blank—it would be worth untold wealth lost to the "Delay" provided the Blank was a Blank Draft on the paper signed and etc. by the board of managers.

Speaking of the Board of Managers—it is being sat on by sharp members of the R.V.C. If the Delay was to half these people on the board nobody could be able to sit on it for obvious reasons. Wich reminds me of the boys at school putting a tack on the master's chare. I was found once and for all, punished, had to write 1,000 lines, which gave rise to carbon paper, ditto marks, and the writing of the little fairy tail wich starts off "Once upon a time they lived a Three-headed pen named Nibbs."

Christmas shopping has got a good start on its ways like it did last year—this causes me to wonder wen the Montreal Police force do there shopping. ANSWER. In the spring, I think, or fall, because then they takes off the revolving doors to let them pass.

A case appeared in court the other day against one of our stores on St. Catherine Avenue. Policeman 13, No. N.C.T.P.O. 1,000 C.W.T., caught in door-way of store belonging to ——— of city. Brilliant detective seeing officer in door dying of suffocation, shoots officer after 100th shot, then breaks open door to get the dead body to hold as an example and advert. for Dominion Cartridge Co. and etc.

Another case appeared on eck-shuns day, but was all consumed without pall. Now people, I have warmed the faculty to give the stoodents voices a rest by not having any leck-chers during the two weeks wich re-lapses around the Santa Claws visit to Montreal to see his 158 brothers in the different stores wich dresses in the same stile like hed does. I half maid provisions for the R.V.C. as well so that the nymphs wot I sees skating on the rink can half a rest.

If the coach wot coaches the ladies uses a different line of words to them than he does to the boys he will half to be a man of two languages.

Merry Xmas to you all. Don't worry about you. I've got the raisins and the yeast; all I need is the recipe from the author of the Phantom Skier.

McGILL MAY MEET OXFORD AT LACROSSE NEXT SPRING

The offer made yesterday by some of the most prominent of the former lacrosse players, to train a McGill team in order to arrange a game with Oxford for next spring has created quite a lot of excitement in student athletic circles where the Canadian national game is still well liked. The plan, if developed should bring out a large number of students who have played the game formerly but are unable to do so at the college.

According to the suggestion which was offered by Paddy Brennan, one of the most famous of the players on the famous Shamrock team which won the world's lacrosse championship for many years, and by Clarry McKerrrow, a stalwart player on the old Montreal team, they would undertake to coach the team if the necessary arrangements could be made to have the game with the English university.

The main objection to the plan is that the only time that lacrosse can be well played is when the students are on their summer vacation. However, the sentiment among the men who heard of the proposal was that there are many men who are living in the city who could turn out for the team, as well as many

who would remain over especially for the occasion. As the proposed visit of the Oxford team would take place in May there is every reason to believe that the project could be successfully carried out.

Interest in the suggestion is heightened by the fact that a McGill graduate is playing on the squad that will be sent to Canada Jack Farthing, who won the Rhodes Scholarship for the Province of Quebec last year and proceeded to England a few weeks ago, is one of the players on the team and would come to Montreal to play.

It is very likely that the plan will come up for official discussion as soon as the athletic association gathers again. The sentiment seems to be decidedly in favor of such a move but the details of the plan would have to be investigated thoroughly before any definite steps are taken.

The people in the city who are interested in the revival of the lacrosse game would be especially pleased to see the contest staged here and they will help in any manner possible. It is likely that the news of the plan which was published yesterday will cause further developments.

SWIMMERS LEAVE FOR THE SOUTH

McGill Meets Brown in Providence To-night.

THREE ENGAGEMENTS

Columbia Monday and New York Athletic Club Wednesday

The members of the McGill Swimming Team left in high spirit last night for their journey across the border, where they are to compete with Brown and Columbia Universities. Mr. Vernot is in charge of the party and expressed confidence that the team would acquit itself creditably in the meets with the best swimmers in the Eastern States. The three engagements, which the team has, are well spaced so that the men will be in perfect condition and top form for each event.

To-night the team is in Providence competing in six events with Boston University. Laidley and Parsons are entered in the 50 yard, breast stroke, Ross and Vernot in the 100 yd speed, Vernot and Fisk in the 220 yd speed, Parsons and Munro in the long plunge, and Laidley in the style diving. The sixth event is the relay race with Fisk, Vernot, Ross and Munro representing McGill.

The meet with Brown is expected to provide the keenest competition of the whole trip. The twelve most prominent universities of the Eastern States hold competitive meets annually, and at present Brown holds the highest honours in swimming, having defeated West Point, Columbia, Princeton, Harvard and also their closest rival, Yale. In general, the Brown records are better than the McGill records for similar events, so that the McGill men expect to have to exert themselves to the utmost to outdistance their opponents.

On Monday night the team will be in New York against Columbia University which has made a great name for itself in swimming circles. The events will be identical with those of the Brown meet with the addition of the fifty yard backstroke which Fisk and Munro will enter.

On Wednesday night McGill meets the New York Athletic Association in a game of English water polo. The English games are used in the Olympic competitions and for this reason the Americans are desirous of becoming familiar with them. Seven men are used in the game, three forwards, a centre, two defence and a goalie.

Laidley the McGill star goal-keeper is joining the team Wednesday particularly for this game. Mr. Vernot has carefully trained the players in the rules of the English game and the exhibition with M. A. A. on Wednesday further familiarized them with the new style of play so that McGill will be fully prepared to meet the team N.Y.A.C. puts forward.

The entire University will follow with keen interest the progress of the team. McGill has secured a firm position in the regard of the southern universities and the swimming team is well qualified to maintain McGill's reputation.

NEW PARTIES WILL APPEAR IN POLITICS.

(Continued from Page 1.)

Roy Dillon, had nothing to say regarding the intentions of the left side of the House, except that careful plans would be formulated during the two weeks respite from toil given to the electorate.

At a late hour last night information was received that a more definite date had been set for the next session of Parliament. It will be on the first Wednesday after the exams are over. Co-eds are cordially urged to attend the session.

McGILL WRESTLERS TO VISIT CORNELL

Amateurs and Veterans Showing Steady Improvement

McGill's wrestlers will meet Cornell in a dual meet on February 10 according to a dispatch just received which settles the negotiations which have been going on between the two colleges for some time. This will probably be the only trip that the McGill wrestlers will make outside of that for the intercollegiate championships which are taking place at Toronto this session.

The time chosen for the meet is especially suitable for McGill inasmuch as all of the men will have had plenty of time to get in good condition and it will be shortly before the intercollegiate meet between the three big Canadian universities. The college championships will have been held here just about that time so that there is every indication that a strong team will be sent on the trip.

Coach George Smith has been working steadily with his men to get them in shape for the hard season ahead of them and they are responding to his efforts in fine style. Many of the veterans of former campaigns are back at college this year, while the newcomers are also showing up well in the practices.

S.C.A. ARRANGING NEW YEAR PROGRAM

Week-end Conference at Shawbridge Boys' Farm.

A function of special significance to those interested in social or religious activities in the University is being arranged by the Executives of the S.C.A. This takes the form of a week-end Conference to be held at the Boys' Farm, Shawbridge, Dec. 30th-Jan. 3rd. Mr. Barss, the Superintendent of the Boy's Farm, when he heard of the proposal to hold such a gathering at New Year, was so interested that he offered accommodation at his institution. This makes it possible for the students attending to enjoy the advantages of a Conference, with exceptional recreational features, and also first hand contact with one of the very finest Social Service institutions of the Province.

The programme will combine special addresses with open forums on social and religious questions. It will be for the most part conducted by students and professors of the University. Mr. Bidgrain, travelling representative of the World's Student Christian Federation, is expected to be present. Sessions will be held in the mornings and evenings, leaving the afternoons free to enjoy the open country with its exceptional facilities for outdoor sport.

One important characteristic of this gathering will be its inexpensiveness. The railway fares to Shawbridge will be \$2.40 or less, and the rate of accommodation \$1.50 per day which will make the trip cost no more than the same number of days spent in the City. The Conference is for men and women, and any student or teacher of the University is welcome. Ladies may submit their names to Miss Lorna Kerr or Miss Evelyn Snyder at the R.V.C., and men may consult C. F. Davis, Arts '21, or call at the office at Strathcona Hall. As the accommodation will probably be limited to fifty, and a considerable portion of these places are already filled, those planning to attend should apply early.

"Is it true that that clock will go for fourteen days without winding?"
"Yes."
"Then, how long will it go if it is wound?"

SENIORS TO PLAY CITY HIGHLANDERS

Presence of Rooters Wanted—Admission Free.

TONIGHT AT 8.30

Highlanders Have Strong Team—Game Sure to be Very Close

The next game of the McGill Senior Basketball team will be played tonight against the Highlanders in their armory at 8.30 p.m. All who possibly can should turn out and support the team. There will be no admission charged.

The McGill team will be chosen from the following:

Hay.
Manson.
Mendelsohn
Crain
Lashley
Brown.
Livshin.
Bourke.
Chalmers.

The first six of these played against M.A.A.A.

The game is sure to be very close and exciting. The Highlanders were the runners-up in the City League last year, and have a strong team this year. They will be harder to beat than were the M. A.A.A.: their team is bigger and heavier. However, McGill may be depended upon to put up a fine game.

Manson starred for McGill the other night against M. A. A. A., and he seems to be the pick of the field. This is his first year out with a McGill basketball team.

When the season first opened the defense line seemed weakened because of the graduation of the Kern brothers last term. These positions are being filled by Crain, Mendelsohn and Brown, who are showing up well, so there is no anxiety in this respect.

The whole team has improved all round since the last game especially in shooting, which although deadly in the last half of the M. A. A. game, was rather erratic in the first half.

McGill will still be forced to do without "Bones" Little, whose sprained ankle will keep him out of basketball until after Christmas.

Three former McGill men will likely play with the Highlanders, of whom "Monty" Montgomery is one. There are also two recruits from the States who are said to be good.

The basketball team has not yet elected a captain, and this will probably be done after the game. The captain must be chosen from the first five men, the first ten men, having votes, by the A. A. rule.

The team are not taking any trips or playing any games this Christmas. Two games in the United States might have been arranged but it was thought that they would not pay, so the trip was not undertaken.

An invitation was received to play Dartmouth on Jan. 15th, and at almost any other time McGill would have accepted with pleasure, but with the 'Varsity game three days away this was felt to be impossible. Expenses would have been guaranteed.

Two games are pending with the Ottawa Canoe Club after the holidays. This Club is said to have the best team in the capital city.

The last practise of the season will be held on Monday. The team will then take a holiday till the 4th, on which date the next practise will be held, and coach Fox will start the conditioning to beat Varsity. This of course will be the game of paramount importance.

The match with the M. A. A. A. on Jan. 7th. will be the first game after Christmas.

McGILL RECEIVES ANOTHER OFFER

American Colleges Seek Football Games Here.

McGill has been invited to fill in a date in the Bowdoin College football schedule for next fall. Owing to the fact that all of the available dates were filled some time ago it was impossible to accept the invitation.

There have been a multitude of requests for games coming in since it became known that McGill had adopted the plan of playing occasional football contests with American Colleges. Dartmouth has asked McGill to play during the season of 1922-23 and the invitation may be accorded if a suitable date may be arranged.

Owing to the fact that the majority of the dates for the 'varsity team are fixed years before the time of the games it is difficult to get dates that are suitable for the colleges wanting to arrange games.

From an English paper—The Rev. E. Thomson will preach his farewell sermon on Sunday next. The choir will render an anthem of joy and thanksgiving specially composed for the occasion.

A Word To The Wise

McGill Men!

In telling the merchants of the city when you make purchases from them, that you are from McGill, and that you are out to give "McGill Daily" advertisers first chance, you are doing nothing more than giving a square deal to two people---the Daily and the Advertiser.

And you owe it to them !!!

The Sense of Security

Unless he possesses a sense of complete security a man can neither put forth his best efforts nor fulfil his highest destiny in life.

The sense of security is best achieved by placing his own future beyond the risk of misadventure, and by placing those who would suffer by his death beyond the risk of want.

This state of mental independence can be attained in an ideal way by taking out a Policy of Assurance. We can offer you the choice of a range of contracts which cover practically, every circumstance and contingency in life.

R.V.C. OUT-OF-TOWN JUNIORS.

Please read the list on the R.V.C. Notice Board, and have your photographs taken at the time indicated. The photographer is at the corner of St. Matthew and St. Catherine Sts., upstairs. The place is called "Photokraft."

S. C. A.

There will be a membership meeting of the S. C. A.'s of McGill at Strathcona Hall at 11 a.m. on Sunday, Dec. 18. The purpose of the meeting is to bring together the members for a consideration of some of the primary responsibilities of these Associations. Persons actively interested in either Associations, although not members, will not be excluded.

R.V.C. THE DANTSANT.

Tickets for the R.V.C. The Dantsant may be obtained from the Porter up till two o'clock Saturday.

LOWER CANADA COLLEGE OLD BOYS' DANCE.

Lower Canada College Old Boys will please note that the date of their dance will be the 22nd, and not the 23rd, as was previously announced in these columns. Prices of tickets to this function will be five dollars a couple for Old Boys, and ten dollars a couple for all not past students. Tickets may be secured from the Hall Porter of the Union.

SUNDAY MUSICALES.

Owing to the Christmas vacation commencing next week, there will be no Musicales on Sunday next, 18th December.

These concerts will recommence on Sunday, January 22nd, and will continue throughout the session.

F. J. TOOLE,

Mgr. Students' Orchestra.

Intermediate "A" basketballers are requested to be on hand at 7 o'clock to-night in Molson's Hall, to play against M.A.A.A.

Intermediate "B" basketball team is to play the "Alerts" at the Railroad Y.M.C.A., Point St. Charles, at eight o'clock this evening. Those wishing to accompany the team will meet at the Union at 7.15 p.m.

MASQUERADE SUGGESTED FOR THE COMING YEAR

The Union House Committee has been strongly urged to have a masquerade dance sometime during the next term. Many students have been anxious that such an event should be staged and they feel that it would be a great success if the students were given sufficient notice of the date when it would be held.

It has been many years since such a dance has been held at McGill and the men who are behind the project declare that the sentiment of the students is wholeheartedly behind them. So great has been the pressure on the House Committee that they have taken the matter up and will consider staging one if they find that it can be done.

The fancy dress dances at Toronto University have been some of the most brilliant affairs held in Hart House during the past few years and they are looked forward to by the students. Those who get the tickets allowing them to attend are considered lucky. The dance which was held at that university a short time ago was as successful as the first one which was tried as an experiment. Masquerades, which are difficult affairs to handle usually, seem to be particularly adapted to the student dances where there is not the same feeling of formality as would be noticed at an outside affair. The dance, if held, would be staged sometime in February and the new students will be sufficiently well introduced by that time to make the affair a wholehearted success from every point of view. Certainly, if the students show that they favor the plan, the men in charge of the dances will be able to secure any number of volunteers to help them.

In order to give the members of the House Committee a fair idea of the popularity with which such a move would be met, it has been decided to ask all of the men who wish to attend such an affair to give their names to their faculty representatives on the house committee.

The representatives are: Arts—G. B. Puddicombe. Commerce—O. L. McCullough. Science—S. H. Davis B. C. Koches-ter, and G. L. Kezar. Medicine—R. S. Eager, A. G. Hill, and I. G. Quackenbush. Dentistry—E. T. Bourke.

SNOWSHOE CLUB.

Members are particularly requested to remember to bring back their snowshoes with them after the Christmas holidays.

FETE DE NUIT.

Will the Faculty representatives on the Fete de Nuit Committee please meet at the Union this morning at ten o'clock, to receive their refund for money spent by their respective faculties.

MCGILL HANDBOOK.

A small number of copies of the McGill Handbook, 1921-22, may be secured at Strathcona Hall at ten cents each.

CHRIST CHURCH CATHEDRAL.

Handel's Messiah, Part I, will be sung on Saturday, December 17th, at 4 p.m.

SWIMMERS.

Practices for the Swimming and Water Polo Club at the Central Y. M. C. A. have been discontinued until January 5th, 1922.

DENT '22 and '23.

The Ladies' rink in the oval will be available for the hockey enthusiasts of both years on Monday night from 6.15 to 7.15. Mr. McNally will be in charge, and all who can possibly do so are asked to turn out.

NOTICE.

Classes led by Prof. Gifford, Prof. Reilly, Mr. Geo. Dewey, and Mr. McKay, will meet as usual for supper on Monday at six o'clock. All out for the last meeting this year.

JUNIOR RUGBY.

Will all those who have not selected the proofs of their football picture do so immediately.

H. F. ROBINSON,

Manager.

MCGILL C.O.T.C.

Contingent Orders by Lieut.-Col. R. R. Thompson, M.C., Officer Commanding.

Range: The Range in the High School will be open to-day, Saturday, for practice from 3 to 5 p.m. Lt. Bagg, musketry officer, will attend the practice.

Tactical Scheme: There will be a tactical scheme on Tuesday, 20th, from 7.30 to 9.30 p.m., for the whole contingent, in Room 75 of the Engineering Building.

Court of Enquiry: A Court of Enquiry will assemble on Tuesday, details of which will be announced later.

A. L. PATTERSON,

Lt. and Adj.

McGill Contingent C.O.T.C.

LOST.

Friday morning, Fountain Pen in New Medical Building. Finder please communicate with M. Weirman, Dent. '25, or Crawford.

ARTS UNDERGRAD. MEETING.

An important meeting of the Arts Undergraduate Society will be held on Monday, December 19th, in Room 5, at 12.40 o'clock. A discussion of the proposed amendment to the Constitution will take place.

SENIOR BASKETBALL. Will the following players be on hand at the Highlanders' Armouries at 8 o'clock: Hay, Manson, Brown, Mendelsohn, Crain, Laishley, Burke and Chalmers.

ON THE SICK LIST.

Five prominent students have or are about to undergo operations. Doug. McGregor, of the football team, underwent an operation for appendicitis yesterday. R. L. Hamilton, President of the Athletic Association, and Dick Creelman, of the Track team, also were operated on almost at the same time.

The President of the Football Club, Rog. McLagan, entered the hospital last night, and will have a slight operation shortly, while Roy Foss, of the Water Polo team, is recovering from an operation for appendicitis, which was successful, a few days ago.

The "DAILY" is expressing the opinion of the whole student body, in wishing them all a speedy recovery, and hopes to see them all back in the lecture rooms when studies recommence after the Christmas vacation.
